Learn Early Heart Attack Care (EHAC)

- Early Heart Attack Care (or EHAC) education teaches you to recognize the early signs and symptoms of a heart attack. Why? We want you to become an active bystander so you can save a life - *even if it's yours.*

Prevent a Heart Attack

- Learn the risk factors.
- Understand the difference between men and women.
- Is it a heart attack? Learn the atypical symptoms.

Save a Life

- If someone collapses, call 9-1-1!
- Perform Hands-Only CPR.
- Find and deploy an AED (Automated External Defibrillator).

Discover your Accredited CPC

Your hospital has adopted the life-saving processes to deliver the highest level of cardiovascular care to your community.
